**Carleton**  
University

# Where to find Carleton

**Ottawa International Airport:**  
15 minute drive to/from campus,  
\$25 CAD taxi ride

Another convenient option is to choose one of the many flights into nearby Montreal or Toronto.

The train station is a short taxi ride from campus and is also connected to Ottawa's public transportation system.

[carleton.ca/campus/directions](http://carleton.ca/campus/directions)

## Distances to/from Ottawa

**Toronto Flight:** 1 hour | Car: 4.5 hours  
**Train/Bus:** 5 hours (500 kilometres)

**Montreal Flight:** 40 minutes | Car: 2 hours  
**Train/Bus:** 2 hours (200 kilometres)

**London Flight:** 6.5 hours

**Frankfurt Flight:** 7.5 hours

**New York City Flight:** 1.5 hours

**Vancouver Flight:** 5 hours

Carleton University acknowledges the location of its campus on the traditional, unceded territories of the Algonquin nation.

# The capital advantage

## **TOP 3 BEST PLACES**

to live in Canada

Maclean's Best Communities Ranking 2019

## **A LAND OF OPPORTUNITY**

Canada is a vast, multicultural country with a history of helping others and welcoming the world

## **OTTAWA: A BEAUTIFUL CAPITAL CITY**

of more than 1 million people

**MUSEUMS AND EMBASSIES,** international restaurants, theatres, nightclubs, and bustling farmers' markets

## **INTERCONNECTING WATERWAYS**

(Ottawa River, Rideau River and Canal)

## **STUDENT ACADEMIC ADVANTAGE:**

high-tech sector, non governmental agencies and life sciences research facilities

# Is Carleton right for you?

Carleton challenges you to realize your academic, personal and professional potential, and to help shape a more promising tomorrow.

**Contribute to real-world solutions that matter to you** - sustainability, energy efficiency, advances in health care, accessibility, high-tech transportation, migration and refugees, public policy and more

**Make an impact** - Join our commitment to do good for our communities at home and around the world

**Be part of a university that cares - #2** among Canadian universities for sustainability<sup>1</sup>

**Enjoy your university experience** - Carleton ranked **#3** for student satisfaction<sup>2</sup>

**Benefit from high quality** - Ranked in **top 5** overall among comprehensive universities in Canada<sup>3</sup>

**Prepare for your future** - Ranked in **top 10** for graduate employability<sup>4</sup>

**Excel in your subjects** - Ranked in **top 10** in Canada for Computer Science, Engineering and Mathematics<sup>5</sup>

**Engage with caring faculty** - Work closely alongside award winning professors from around the world<sup>6</sup>

**Gain experience** - **100+** programs with work-study opportunities (“co-op”)

**Access state of the art facilities** - Industry supported labs, athletics complex, award winning library (see more of our impressive spaces on page 14 or by taking our virtual tour)

**Feel at home** - join our diverse and inclusive community - **14%** of our **32,000+** students are international students, from **150+** countries

**Contribute your unique perspective and help us expand our international focus** - through class work, study abroad and exchange, research and collaboration with global partners, and friendship!

<sup>1</sup> UI Green Metric 2020

<sup>2,3</sup> Maclean's 2021 university rankings

<sup>4</sup> QS World University Rankings

<sup>5</sup> Macleans 2020 university rankings

<sup>6</sup> D2L Innovation Award in Teaching and Learning, 3M National Teaching Fellowship, Partners in Research (PIR) Technology and Engineering Ambassador Award, Partners in Research (PIR) Technology and Engineering Ambassador Award, CIFAR Azrieli Global Scholars program, OISE Education Award

<sup>7</sup> Engineering students win 1st Annual Hackathon on Hacking Climate Change, W.E. Cowie Award (\$25k prize) for autonomous vehicle project; Architecture students win Vimy Ridge design competition

**Create connections and explore your interests - 300+** clubs and societies

**Make our beautiful riverside campus your home** - A green oasis in the heart of the capital city closely connected to downtown by transit, bike paths

**Enjoy the convenience of living on campus and make friends** - 8 residence halls provide a close-knit, supportive community.

**Become one of our amazing award-winning students!**<sup>7</sup>

“I trust you will be the 21st century’s greatest generation. You know what is wrong with the world and how to fix it.”

- Prime Minister Justin Trudeau, Carleton University virtual commencement ceremony, June 2020

# Admission requirements and how to apply for full degrees!

[admissions.carleton.ca/apply](https://admissions.carleton.ca/apply)

## Admission requirements

Academic performance in your previous studies is the main determining factor for admission to Carleton's undergraduate degree programs.

Secondary school (high school) graduation is the typical level required for admission to the first year of an undergraduate program.

Admission requirements vary by program, so depending on your program of choice you may also be required to present specific subjects (prerequisites). See the chart on pages 6 and 7 for the prerequisite subjects needed for each degree program.

We recognize and accept national qualifications from most countries. For some countries, applicants may be required to have completed one year of university study. If your education system is not listed on the website, or if you need further information, please email us at [international@carleton.ca](mailto:international@carleton.ca).

## How to apply

To see the specific admission requirements for your chosen degree program from the education system you have completed, please visit [admissions.carleton.ca/apply](https://admissions.carleton.ca/apply).

We operate on a rolling admission timeline which means that the sooner your application and documents are received, the sooner we can process your application.

I've gained a lot of family and friends here. I also gained a lot of knowledge and experience about how to live independently. I've learned to handle situations on my own, without leaning on my parents and that has taught me a lot of life lessons. Even with school, learning to deal with my peers, with courses, and the workload, multi-tasking, trying to find and apply for work. Nothing falls into your hands, it's about going and trying to find it yourself.

### Pavan

Bachelor of Commerce  
(Accounting, Minor in Statistics)  
From: India and the United Arab Emirates

Apply to Carleton in just five easy steps. For more information on how to apply, check out [admissions.carleton.ca/apply](https://admissions.carleton.ca/apply).

- 1. Carleton 360**  
Sign up today for [360.carleton.ca](https://360.carleton.ca) - based on the degree programs you're interested in, where you live, and when you want to study, you'll get tailored information, including invitations to events, deadline reminders and more!
- 2. Apply online**  
Complete online application through Carleton 360 OR Ontario Universities Application Centre (OUAC) and pay application fee
- 3. Upload documents**  
This includes transcripts from your highest level of education, an English as a Second Language (ESL) test score, and any other requested documents
- 4. Monitor your application**  
Keep an eye on your application to see if we request further documents, and to view decisions
- 5. Accept your offer**  
After you receive your offer of admission, be sure to accept by the date indicated on your offer letter to reserve your spot in the program. You can view and accept your offer on the Admission Offer Details page in Carleton 360.

Apply for Study Abroad: contact IEC Online GmbH via [info@ieconline.de](mailto:info@ieconline.de)

# English language requirements

[admissions.carleton.ca/esl](https://admissions.carleton.ca/esl)

For admission, you will need to demonstrate that your knowledge and use of English are strong enough for studies in an English language university.

## You can do this by:

- Demonstrating that you have studied for the last three years (full-time) in a high school, college, or university in Canada, the United States, the United Kingdom or any other country in which the primary language is English and where the language of instruction in the relevant institution was exclusively English
- Submitting an English as a Second Language (ESL) test result

Depending on the score achieved, you may receive:

### 1. Admission with no ESL requirement:

Begin your full-time undergraduate degree studies.

English language tests*	Score
IELTS	6.5 IELTS (min. 6.0 in each band)
Internet-based TOEFL (iBT)	86 (min. 22 in writing and speaking, 20 in reading and listening)
Canadian Academic English Language Assessment (CAEL)	70 (min. 60 in each band)
Pearson Test of English (PTE) Academic	60 (min. 60 in each Communicative Skill)

### 2. Admission with an ESL requirement:

Carleton will admit you to your degree program with the requirement that you complete up to three English language classes during your first terms of study.

English language tests*	Score
IELTS	5.0–6.4 (min. 4.5 each band and an average of 5 or better across writing, reading and listening)
Internet-based TOEFL (iBT)	61–85 (min. 15 each section)
Canadian Academic English Language Assessment (CAEL)	Overall score between 40 and 69 (min. score each band 30 and min. average of 40 across writing, reading and listening)

\*For more information, please visit our website at [admissions.carleton.ca/esl](https://admissions.carleton.ca/esl). If you have taken a test not listed above and want to know whether it could be accepted, please contact us at [international@carleton.ca](mailto:international@carleton.ca).

Please note that the following programs are not available for entry with an ESL requirement:

- Architectural Studies
- Health Sciences
- Humanities
- Industrial Design
- Information Technology
- International Business
- Journalism
- Journalism and Humanities
- Media Production and Design
- Public Affairs and Policy Management

If your language test score falls below the ranges listed in table 2, or you do not submit a language test, you will not be eligible for an offer of admission. You can retake a language test and submit a higher score to be considered for admission.

Carleton offers a lot of strategies to help international students succeed. I really benefited from the English as a Second Language courses. They not only helped me improve my English, but I could enter my program of study right away. I learned a lot about writing essays and because of the small classes, it was effortless to make good friends. You may find that some of them come from the same country as you!

If I could talk to myself a year before I came to Carleton, I would say: “You made the correct choice and will enjoy your time at the university!”

Expenses	CAD dollars	USD dollars*
<b>Tuition and ancillary fees (2021-2022)**</b>	\$29,023 - \$42,873	23,224 - 33,378
<b>On-campus residence and meal plan (includes internet)</b>	\$11,359***	9,089
Off-campus housing: Information regarding off-campus housing is available on our website. <a href="http://housing.carleton.ca/off-campus-housing">housing.carleton.ca/off-campus-housing</a>		

\*\*\*Price based on double room, includes an All Access Meal Plan and internet/wifi. For details, see pages 12-13

Tuition by program** (for one full academic year September 2021 to May 2022)	CAD dollars	USD dollars*
Architectural Studies	41,415	33,140
Arts, Cognitive Science, Communication and Media Studies, Economics, Health Sciences Humanities, Mathematics, Science	29,023	23,224
Commerce, International Business	34,393	27,521
Computer Science	41,713	33,378
Engineering	42,873	33,378
Global and International Studies, Journalism, Journalism and Humanities, Public Affairs and Policy Management	33,031	26,431
Industrial Design	41,450	33,168
Information Technology	38,948	31,166
Media Production and Design	34,962	27,976
Music, Social Work	30,083	24,072

\*Current exchange rates can be found at [bankofcanada.ca](http://bankofcanada.ca); USD amounts listed reflect exchange at the time of publication (July 2021)

\*\*Amounts include all tuition, compulsory and optional fees—including the compulsory University Health Insurance Plan (UHIP) fee of \$756 (CAD) per person for 12 months.

Please note: Exact tuition fees for the next academic year are usually available in May.

## Scholarships

[carleton.ca/awards](http://carleton.ca/awards)

### Undergraduate Entrance Scholarships

Undergraduate Entrance Scholarships are automatically offered to all high school students who meet our academic and language requirements.

The scholarship amount is based on the applicant's previous academic performance. These merit-based scholarships are **renewable** each year with an A- standing (annual GPA of 10.0). If the A- standing is not achieved, the original scholarship can still be **regained** in future years if the required GPA is obtained.

Number of Scholarships	Value (CAD)	Admission Average
Unlimited @ \$16,000	\$4,000 x four years	95-100%
Unlimited @ \$12,000	\$3,000 x four years	90-94.9%
Unlimited @ \$8,000	\$2,000 x four years	85-89.9%
Unlimited @ \$4,000	\$1,000 x four years	80- 84.9%

### Prestige Scholarships

Students with an admission average over 90 per cent are eligible to apply for one of our Prestige Scholarships, our highest awards. These competitive scholarships are awarded based on both a student's admission average and participation in community and secondary school activities (leadership, community service, and extracurriculars).

The values of the Prestige Scholarships range from \$5,000 to \$7,500 CAD per year and they are renewable based on maintaining a minimum A- (10.0 GPA) in full-time studies.

An application is required. **Deadline: March 1**

### Specialized Scholarships

Check the Awards website for any specialized scholarships, including the Law Scholarship in Architectural Studies, a \$10,000 scholarship awarded annually to an outstanding full-time undergraduate international student entering the Bachelor of Architectural Studies. Eligible students must be admitted from a high school in China/Hong Kong. An application is required.

Over **\$28M**  
in **SCHOLARSHIPS** and  
bursaries awarded in 2020-21

# Co-op and career opportunities

Over time, Carleton has built strong connections in the high-tech sector, and with local industry leaders and research scientists, creating many valuable work opportunities for students.

## “Co-op” = paid work experience

### [carleton.ca/co-op](http://carleton.ca/co-op)

The majority of Carleton's undergraduate programs include a co-operative education option (known as “co-op”). Study terms alternate with paid, full-time work terms that are directly related to your program of study. Students can gain 12 to 16 months of work experience during their degree. Typically an additional year of study is required to complete the co-op option.

### Some benefits of participating in the co-op program:

- Learn essential job search skills and build your professional network
- Put theory into practice and solve real world problems in your field of study
- Develop professional skills that employers are looking for
- Explore different career environments to find your best fit
- Earn money to help with tuition costs

Carleton's co-op office supports you with your job search, facilitates the hiring process and develops connections with potential employers who post jobs for our students. You can apply to the co-op program when you apply for your degree program at Carleton, or you can apply later in your studies (typically at the end of first or second year). Carleton offers assistance to international students needing the co-op work permit and Canadian social insurance number required for co-op placements.

### Just a small selection of Carleton's co-op employers:

- Ericsson
- Ciena
- Ross Video
- BlackBerry/QNX
- Nokia
- IBM Canada
- Collins Aerospace
- Bell Canada
- 2KEYS
- Ford Motor Company
- Brookfield Renewable Energy Partners

For details on eligibility and how to apply for a co-op program, please visit our website: [carleton.ca/co-op](http://carleton.ca/co-op)

Salaries range from minimum wage (\$14.25/hour) to \$30/hour depending on the program. Students usually work 35 to 40 hours per week during a co-op term.

## Other work-study options

Many programs include a work-study component such as a practicum, field placement, field course, apprenticeship or research placement. Carleton also offers a new International Internship Program that connects students in all disciplines with internships worldwide for academic credit.

## Explore your career options

Career coaches, consultants and counsellors can help you explore your talents, interests and skills, and align your degree with a career. They also assist with resume and cover letter reviews, job search strategies, interview preparation, and networking advice. They can organize opportunities such as job shadowing, and provide guidance as you explore graduate studies and professional programs. For details, visit [carleton.ca/career](http://carleton.ca/career)

### Working in Canada

Most international students studying full-time can:

- Apply for a job on campus at Carleton University
- Apply for a part-time job off campus during the school year (20 hours per week maximum)
- Apply for full-time work during scheduled breaks (such as reading week, summer break)
- Apply for a work permit after you graduate (for up to three years) to gain Canadian work experience

Visit the website of the Government of Canada for details.

I'm part of the Dev Degree program, where Carleton and Shopify work together in a program where we work 20 hours at Shopify to learn practical knowledge, plus five hours where we have the opportunity to work on our personal development, while taking computer science courses at Carleton. It's been an amazing learning experience for me!

It helps me understand and apply what I learn in class, and the support I receive from both ends is really wonderful, making the whole transition from high school (in a whole different country) to university very smooth and positive!

### Ketki

Bachelor of Computer Science  
From: India

# The residence experience

[housing.carleton.ca](https://housing.carleton.ca)

Your home away from home. Last year, over 3,600 students chose to live on campus in one of our residence buildings. Living in residence is a great choice for international students who are adjusting to a new life in Canada.

## What does residence offer?

### Friendship

- Experience university life as part of a vibrant, close-knit community
- Meet people from around the world and make friendships that last a lifetime

### Support

- Access support from a network of Residence Life staff who are there to help make sure you reach your academic and personal goals, and have a rewarding experience

### Convenience

- Get to class, meals or workouts within minutes via five kilometres of underground tunnels
- Live minutes away from your classes, the library, athletics and a large dining hall
- Easily arrange meetings with friends, study partners or professors

### Community

- Participate in events, programs and committees in and around residence
- Visit Raven's Roost, your student hang out with video games, pool tables, tv and more
- Volunteer in the community or participate in activities to promote sustainability, such as Earth Hour, or zero waste workshops

## Two living styles

### Traditional or suite-style rooms

The majority of our rooms for first-year students are traditional double rooms, with shared washroom facilities. A limited number of single rooms are available for first-year students.

The suite style provides four-person suites (either two doubles or four singles) with a shared common area, washroom facility and small food preparation area (with fridge and microwave).

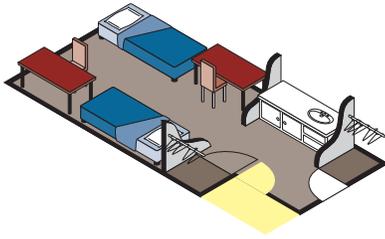

## First-year residence guarantee

At Carleton, a double traditional room is guaranteed to all new, first-year students entering directly from high school—provided they receive an offer of admission on or before May 13, 2022.

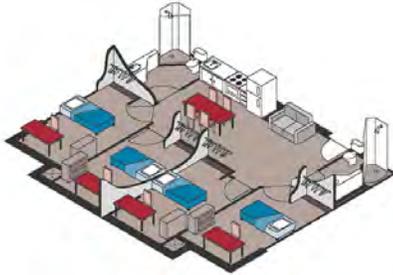

### To confirm your space:

- Accept your offer of admission
- Accept the residence offer
- Pay the deposit by June 8, 2022 at 16:30 ET

**Take a virtual tour  
of residence**

A traditional double room in Stormont and Dundas House

A traditional four-person shared suite in Leeds House

Dining Services has a dietician to help with your dietary needs, including vegetarian, vegan, halal, gluten-free and allergies. They also take recipe requests if you're missing a particular dish from home. [dining.carleton.ca](http://dining.carleton.ca)

### All Access Meal Plan

First-year students living in residence will be enrolled in the All Access Meal Plan, which provides unlimited entry into the dining hall and \$100 Dining Dollars.

For students living in suite-style residences, there is also a Reduced Meal Plan option, which offers ten meals per week and \$300 Dining Dollars.

The residence dining hall sources food locally, accommodates dietary needs and offers an “all you care to eat” experience featuring a variety of meals cooked right in front of you

### Cost (2021-2022)

#### Traditional residence

\$11,359 (double occupancy) to \$12,547 (single occupancy) with internet and All Access Meal Plan

#### Suite-style residence

\$12,635 (double occupancy) to \$13,899 (single occupancy) with internet and All Access Meal Plan

### Off-campus accommodation

Information regarding off-campus housing is available on our website. [housing.carleton.ca/off-campus-housing](http://housing.carleton.ca/off-campus-housing)

I lived in residence my first year and I would advise all students coming to Carleton for first year to live in residence. Trust me. My first friends were from residence—they were my podmates, because I lived in res with five other people in a pod (suite). It was amazing. You do your own laundry and cleaning of course, but the food and everything else is covered. It's much easier because you don't have to think about rent or doing your own grocery shopping. Then you can get more settled—you can just focus on school, your clubs, and going to the gym. Everyone should live in res for first year because that's how you get to know everyone and find your way around.

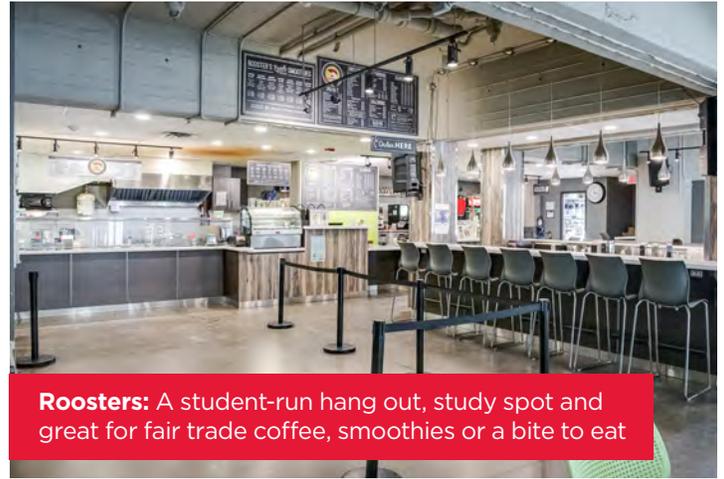

#### Mariam

Bachelor of Commerce (Management)  
From: Nigeria and Canada

# Explore campus

**A favourite study spot:** Students can always be found enjoying a dose of nature on the banks of the Rideau River

**Roosters:** A student-run hang out, study spot and great for fair trade coffee, smoothies or a bite to eat

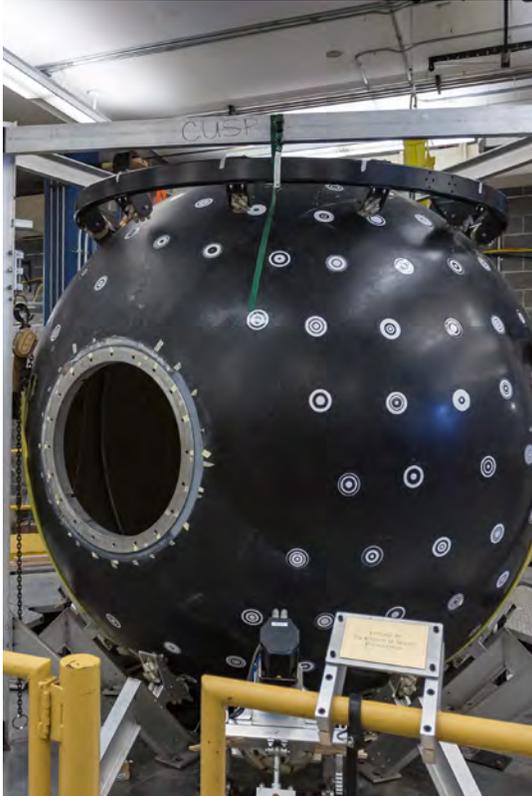

**Industry supported labs** and facilities (sponsored by Alcatel, Texas Instruments, Huawei and TELUS to name a few)

**The Discovery Centre** is designed for collaboration and features a gaming lab, 3-D printers and workout desks (located in the award-winning Macodrum Library)

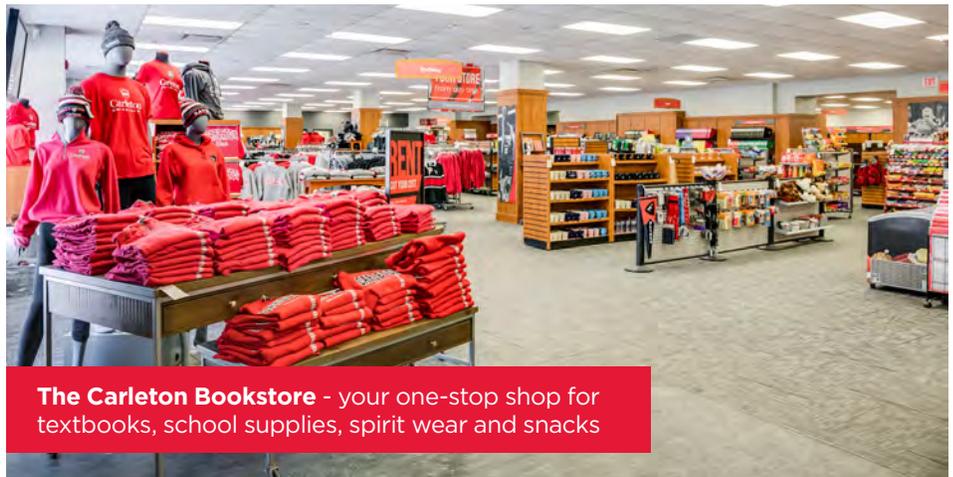

**Check out** Carleton's Space Design Lab, Flight Simulator (pictured) & Formula SAE Car

**There's a swing, picnic tables and a friendship bench:** The academic quad is a green centrepiece on campus

**The Carleton Bookstore** - your one-stop shop for textbooks, school supplies, spirit wear and snacks

**Get a dose of nature inside** with Richcraft Hall's Living Wall

**Campus is beautiful in all seasons and winter can be lots of fun** - you can also use 5km of underground tunnels to reach almost anywhere on campus without going outside

**Take a virtual tour of our riverside campus**

Wherever you are in the world, you can take a self-guided tour of our beautiful riverside campus, including labs, classrooms, residence and outdoor spaces. Available in six languages. You can also go on a guided virtual tour led by an international admissions officer who can answer your questions, and provide tips and useful information. Carleton campus is beautiful - we think you're going to love it!

## International Student Services Office

[carleton.ca/isso](http://carleton.ca/isso)

*Programs and services tailored just for you*

The International Student Services Office (ISSO) is dedicated to helping you adjust to university life and making sure you get the most out of your Canadian university experience. This includes:

### Orientation

- I-Start is our international orientation program before you start at Carleton

### Fun cultural and social activities

- Snowshoeing trips, tours of the Parliament buildings, free museum nights, road trips
- Weekly Friday tea time, 'Hockey 101,' and holiday celebrations - international holidays along with Halloween, Christmas, Thanksgiving and more!

### Advice

- Pre-arrival and settling in
- Immigration, study and work permits
- Health insurance
- Employment and volunteer opportunities

### Peer mentors

Connect with Global PALS (Peer Advisors Lending Support), upper year current students who can provide insights and support as you navigate the social, cultural, and academic transition to life at Carleton University and in Ottawa.

Carleton has allowed me to open my eyes to new and exciting challenges.... I feel lucky to say that I am surrounded by intelligent, inspirational, strong and fearless women that have supported me since day one in my journey in Biology at Carleton. They have taught me to be and believe in myself, to be kind and supportive with my community and to never give up on my dreams.

### Sarita

Bachelor of Science (Biology)  
From: Peru

The Carleton community has pushed me to grow, and encouraged me to become who I am today. Why would I recommend Carleton? It's one of the best for international students in terms of services, the people are very friendly and welcoming, and it's an amazing campus!

## Personalize your Carleton experience

Be sure to sign up to [360.carleton.ca](https://360.carleton.ca) - our student portal - and based on the degree programs you're interested in studying, where you live, and when you want to study, you'll get tailored information, including invitations to events, deadline reminders and more!

## Meet us in your country

Carleton's international admissions officers can help you see if Carleton is the best match for you, find the right program, provide admissions information, and answer your questions. They are happy to guide you through the full application process - reach out to them at any time!

## Join events

We have events all year long, like virtual open houses introducing you to Carleton, or sessions on how and when to apply, information on specific degree programs, co-op (work-study opportunities), registration, and what you need to know before you come to Canada. Get to know us, and ask questions!

## Message current international students

Curious about life in Canada and Ottawa, food, culture? Want the insider perspective about studying a particular degree program? Or hear how someone else from your country is thriving? Our amazing international student ambassadors are available to chat with you - connect with a current international (or Canadian) student in a safe and friendly environment.

## Book a 1:1 appointment

You can schedule a personal appointment with an international admissions officer to discuss your particular circumstances, ask questions and get answers. You can even request a guided virtual tour. Parents or groups also welcome!

For an electronic copy of the viewbook and more international admission resources

\* This document is available in a variety of accessible formats upon request. A request can be made on the Carleton University website.
